Appeal Explanation:

Central A & M Community Unit District #21 is respectfully appealing the decision for funding year 2012 – Form 471 – postmarked outside of window. Our postmarked application was just outside the window from the due date. Central A & M has been in the process of training a new e-rate coordinator since last school year due to retirement at the end of the 2012-2013 school year and this has influenced the error for not submitting the application on time.

As a result, the current e-rate coordinator's role in our district has changed from overseeing (1) middle school library to overseeing all the district libraries. In addition to the recent changes in our roles within the district libraries, we have also transitioned a new superintendent to lead our district.

We respectfully request that we are granted this appeal to reestablish our funding to a program that assists with us impacting education for our students. As you may already know, this is the only e-rate challenge our district has experienced since enrolled in the e-rate program and pray that your approval is granted.

Sincerely,

Dr. Kyle VonSchnase
